47 C.F.R. § 76.75(b)(2) Outreach Initiatives:

Establishment of training programs designed to enable unit personnel to acquire skills that could qualify them for higher level positions, 47 C.F.R. § 76.75(b)(2)(viii): Wave Broadband has established training programs to qualify unit personnel for higher level positions, and supports the efforts of employees to further their education in areas which will benefit their work with the company, or which are required for advancement to higher level positions. For example, Wave Broadband supports and encourages continuing education through National Cable Television Institute (NCTI) courses and the Society of Cable Telecommunications Engineers (SCTE) Certification Programs. The company pays for unit employees to participate in all courses by these two industry professional organizations. These courses provide the skills and knowledge required for advancement in many of this unit's job classifications.

In addition, the company is in the process of implementing a significantly more detailed and robust career path planning process before the end of 2013 in all departments. The new process consists of all employees and their managers working together to identify, monitor and provide regular feedback on key development priorities and goals that lead to increased skill sets which in turn enhance eligibility for promotion to positions of greater responsibility.

Participation in two job fairs by unit personnel who have substantial responsibility in the making of hiring decisions, 47 C.F.R. § 76.75(b)(2)(i):

This employment unit participates in job fairs and distributes job postings at local technical colleges and community centers to disseminate information on employment opportunities and careers at Wave Broadband. In the fall of 2012 Wave's HR Generalist and HR Administrator participated in a career fair event at ITT-Technical Institute in Everett, WA and in the summer of 2013 Wave's HR Generalist and SVP, HR participated in a career fair event through Choice Career Fairs at the Seattle Center, in Seattle, WA.
